Mr. President, I also have a new Resolution offered by, it is LR 303 offered by, as I understand it, every member of the body. Read LR 303. That will be laid over Mr. President.

SPEAKER LUEDTKE: Any thing else, Mr. Clerk?

CLERK: No sir, I have nothing further.

SPEAKER LUEDTKE: The Chair would just like to announce at this time that in keeping what happened Friday, if there are any of you that have bills on Select File where you absolutely can do without your amendment, it is apparent right now that we are never going to get through Select File at the pace that we are going today and this is absolutely it. There is no way to get anything off Select File after today. It would be the recommendation of the Speaker that you would withdraw those amendments and when they are withdrawn we will take those bills up out of order and move them on. We have to get these to E & R as soon as possible to make the adjournment sine die this week. Senator Chambers.

SENATOR CHAMBERS: This is a question that will only take a second. There is a Public Works bill, LB 932 which advanced Friday without Senator Kremer or I being aware of it and we agreed to reduce a fee for the replacement of license plates based on the actual cost. So, I have a motion to return that to Select File. We have no disagreement so is that out of the question?

SPEAKER LUEDTKE: We have a few of those returns that have already been on their way. In fact, the only way that you can take care of those is to bring them up. I thought that we would take those up after lunch and deal with those at one time, as emergency matters, but not...but we are not going to argue indefinitely postponements or anything like that. But, I'm just announcing that so we...All right, now some other matters to be read in.

CLERK: Mr. President, your committee on E & R respectfully reports that we have carefully examined and engrossed LB 448 448A, 464, 743, 743A, 907, 737A, 576, 375, 800, 800A, 632, 692, 910, 910A, 739, 966, 892, 859, 860, 932, 803, 803A, 553, 424, all correctly engrossed. 153 correctly re-engrossed. 554, 786, 786A 693, 693A, 872, 867, 649, 562, 404, 578, LR 152 all correctly engrossed.

SPEAKER LUEDTKE: All right, we will proceed then with LB 386.

CLERK: Read LB 386.

SPEAKER LUEDTKE: All right, Senator Cullan.

SENATOR CULLAN: Mr. President, members of the Legislature. I move the E & R amendments to 386 be adopted.

SPEAKER LUEDTKE: Motion to adopt the E & R amendments on LB 386. Any discussion? All those in favor signify by saying aye. Opposed nay. The E & R amendments on 386 are adopted.
